ALC5100	300ml	Pine

FILLER FOAM

- A PU filler foam suitable for filling, sealing and insulating
- This is a long lasting, 100%CFC free polyurethane based foam filler
- Used for building and construction applications, it cures by reacting with moisture from the air and the substrate
- Cured foam can only be removed mechanically

Code	Size
CMT1050	500ml
CMT1060	750ml

ANCHORING & PATCHING CEMENT

- A rapid setting cement for filling deep cracks and holes and for general repair work
- Sets within 15 minutes

Code	Size
ALC4000	500g
ALC4005	2kg

INTERIOR CRACK FILLER

- A gypsum based filler for repairing cracks in plastered walls, wood
- Also used for skimming material to give a smooth, even finish

Code	Size
ALC0980	500g
ALC0990	2kg

EXTERIOR CRACK FILLER

- A cement based filler for repairing cracks in plastered walls and floors exposed to the weather

Code	Size
ALC0950	500g
ALC0960	2kg

BRUMMER WOOD FILLER

- This is an all purpose wood filler which sets firmly to bare wood, nail heads, screws, glass, fibreglass, iron and plaster
- The product is reasonably flexible and will accommodate normal expansion and contraction of

- wooden surfaces
- The product remains pliable until applied
- It is ideal for cabinetmakers, joiners and all woodworkers

- Shelf-life indefinite
- Contents can be revitalised by placing container in a bowl of hot water, adding hot water to the contents and stirring to obtain the required consistency
- Although stopping is for interior use, it can be used as an exterior filler if coated with a suitable sealer
- APPLICATION
- For interior use
- Apply with a spatula
- Deep cracks should be filled in layers with each layer drying before the next one is applied
- Because it is water based, BRUMMER WOODFILLER is non-flammable
- It contains no toxic or harmful ingredients
- After use, hands and tools can be cleaned by simply rinsing in water

CONTACT ADHESIVE SPRAY

- Contact Spray Adhesive is a light coloured, almost transparent sprayable, synthetic adhesive in aerosol for bonding foam-plastic polyether foams, polystyrene foam, paper, photographs, reproductions, metal foils, glass, wool, cardboard, felt, textile, cork, carpet tiles, etc. to themselves and to wood, board, chipboard, concrete, metals
- Ozone friendly – no CFC's

Code	Size
GEM0100	500ml

Poli-o-bond CONTACT ADHESIVE

- An all-purpose household contact adhesive which bonds most materials together
- It is reliable
- Some joints have been known to last up to 15 years
- It is odourless when dry and the joints are extremely durable and flexible
- It can be washed and painted over
- The product has an almost endless shelf life
- Avoid contact with car finishes or varnished and polished surfaces

Code	Size
GLM0500	50ml
GLM0505	100ml
GLM0520	500ml

Bostik SHOE REPAIR

- Shoe repair adhesive is a waterproof polyurethane adhesive
- It is a long lasting and strong bond for leather and DIY shoe repairs
- It is excellent for bonding vinyl (swimming pools), PVC materials and rubber

Code	Size
BST0064	25ml

Bostik CLEAR ADHESIVE

- The all purpose household adhesive, which is clear, strong and quick drying
- Excellent for use in the home, office and school
- It provides good adhesion to cardboard, leather, glass etc
- Acid free

Code	Size
BST0005	25ml
BST0008	50ml

CLEAR ADHESIVE

- Genkem Clear Adhesive is an all purpose household Adhesive which dries quickly to an almost invisible glue line
- Excellent for bonding leather, felt, foam, rubber, paper, wood, metal and ceramics
- Ideal for handcrafts, school projects, decorative work and DIY tasks as it does not wrap paper

Code	Size
GEM0070	25ml

Bostik PVC WELD

- A solvent based welding cement for PVC water pipes, gutters and electrical conduit
- Will withstand high and low pressure applications

Code	Size
BST0037	50ml
BST0039	200ml

PVC GLUE

- Adhesives for PVC conduit and PVC fittings
- Clean and dry surfaces to be glued
- Apply glue evenly to both surfaces and join whilst glue is still wet

Code	Size
ELE2880	200ml

POLYSTYRENE FOAM ADHESIVE

- Polystyrene Adhesive can be used to bond polystyrene foam to itself and to almost all other clean and firm surfaces eg. metals, fibreglass, wood
- Has excellent bond strength, good heat resistance and high initial tack may be applied by brush or spray application

Code	Size
GEM0090	500ml

PVC WELD

- PVC Weld Cement Adhesive is a solvent-based, medium viscosity adhesive suitable for the joining of rigid PVC materials
- PVC Weld Cement complies with the requirements of BS 4346 - Part 3 (1982) joints and fittings, for use with unplasticised PVC pressure pipes
- The adhesive is suitable for both pressure and non-pressure systems
- The dry adhesive film is considered to be non-hazardous and can be used in food and potable water applications

Code	Size
GEM0580	50ml
GEM0600	200ml

FLOORING ADHESIVE

- General Purpose Flooring Adhesive is a water-based, economical, acrylic adhesive with a long open time and aggressive grab
- It is clean and easy to work with and contains fungicide to combat spread of fungi in and under cushioned floor coverings
- Suitable for the laying onto well prepared surfaces, floor coverings such as needle punch carpets, foam and vinyl backed carpets, as well as for most types of carpet tiles and semi-flexible vinyl

Code	Size
GEM0245	1 litre

WALL PAPER ADHESIVE

- Wall paper adhesive is supplied in powder form
- Mixed with water, it forms a ready for use paste for fixing wall paper to walls

Code	Size
GEM0243	100g

CERAMIC TILE ADHESIVE

- Ceramic Tile Adhesive is a ready mixed, wall tile adhesive
- Used for thin-bed bonding of Ceramic wall tiles to dry interior walls

Code	Size
GEM0060	500ml

Genkem QUICK SET WOOD WELD

- Quickset Paper and Wood Glue is a Polyvinyl Acetate emulsion adhesive
- It is a high quality product producing reliable performance
- Designed mainly for use on hardwoods, but will also produce excellent results on softwoods and various composition boards
- The product should be used where quality of the finished product is the major consideration
- The dried adhesive will produce a clear glue line

Code	Size
GEM0300	100ml
GEM0305	200ml
GEM0310	500ml
GEM0315	1 litre
GEM0325	5 litre

ALCOLIN ULTRA WOOD GLUE
The range you can trust.

- Ultra wood glue is an advanced water-based adhesive that has been designed with the woodworker in mind
- This waterproof formula is the first of its kind and provides superior bond strength, longer open assembly time and a shorter clamping time
- Perfect for interior and exterior woodworking applications on hard and soft woods

Code	Size
ALC1270	250ml
ALC1275	500ml

PRATLEY EZEEBOND

- A sophisticated ultra high performance toughened acrylic adhesive. It is ideal for bonding reasonably well mating surfaces as a replacement for spot welds and rivets
- It is also exceptional on most rigid plastics, fibreglass and aluminium
- Ezeebond is extremely reliable, can tolerate oily surfaces, malproportioning and fills minor gaps
- Rapid cure time
- Assemble sheet metal or aluminium
- Bond car rear view mirror
- Join fibreglass components on boats
- Bond towel rail to tile

Code	Size
PRT0002	20g

PRATLEY QUICKSET CLEAR EPOXY GLUE

- Supplied in a green pack
- Once set, it is clear and can therefore be used to repair items where colour is a problem
- It is a very versatile adhesive and is the sort of product which every family will find useful in the home
- It also differs from the white glue in that it is not thixotropic
- Repairs broken ornaments glass items

Code	Size
PRT0015	40ml

PRATLEY® QUICKSET WHITE EPOXY GLUE

- This product is supplied in a blue pack
- After mixing, it is thixotropic
- It has the consistency of soft butter and can fill large gaps where the repair requires both adhesive strength and a filler
- It has a high tensile adhesive strength
- Can be filed, sawn, drilled and tapped
- Repairs chipped basin or toilet, repairs white china or ornaments and can be used to affix ceramic tiles or ornaments to a wall

Code	Size
PRT0020	40ml

PRATLEY® STEEL QUICKSET

- Supplied in a black pack, this product is similar to Prately White Glue, but its colour matches that of steel
- It can therefore be used on repairs where colour is important
- It is also designed to set more rigidly and thereby facilitate filing and sawing
- Repairing cracked castings
- Repairing leaks in metal pipes
- Bonding ceramics, slate or tiles

Code	Size
PRT0040	40ml

Bostik® SUPER EPOXY

- Epoxy adhesive is a two part (two tubes) clear quick setting adhesive that is specially formulated to bond rigid materials
- It is waterproof, oil-resistant and non-flammable, and has good gap filling properties
- It is excellent for bonding metal, ceramics, crockery, stone, rubber, glass, cement and some plastics

Code	Size
BST0032	32ml

PRATLEY® WHITE WONDAFIX

- This product combines the two desirable properties of toughness (flexibility and impact resistance) with high adhesive strength
- It is best described as a "repair medium" rather than just an adhesive
- A very smooth surface can be obtained by mixing the adhesive and then placing some "Stretch wrap" plastic over the mixed adhesive
- The setting time can be substantially accelerated by the application of mild heat $\pm 50^{\circ}\text{C}$
- Used to splice repair leather transmission belts, patch a tear or holes in canvas tents or deck chairs, cast new gland packings around pump shafts and any repair subject to shock

Code	Size
PRT0045	30ml

PRATLEY® CAR WONDAFIX - BLACK

- Specifically for car repairs
- Repair scuffed hoses, rubber or car bumper
- Repair damaged car air vent pipes and vacuum hoses
- Repair vinyl cloth car seats and side panel trim
- Fill rubber mouldings and flashings on cars
- Vibration mounts for heavy machine tools
- Fill cracked windshield rubber seals
- Repair cracked car dashboard
- Mend running shoes, boots, etc.

Code	Size
PRT0048	30ml

PRATLEY® 1-2-3 ACRYLIC

- This is a tough acrylic adhesive originally developed for the Aerospace industry
- It is excellent on aluminium but also sticks well to other materials
- It cannot fill gaps and therefore must be used on well mating non-absorbent surfaces only
- Used to bond fiberglass on metal, mend broken plastic toys (Not polyethylene), bond aluminium sheets or sections together, refix tumble dryer or refrigerator handle and bond rear view mirror to windshield of car
- The name "1 - 2 - 3" is derived as follows
 - 1 - Place a blob of resin on surface
 - 2 - Dab some activator onto other surface
 - 3 - Bring the surfaces together

Code	Size
PRT0050	15ml

PRATLEY® STANDARD PUTTY

- This product, supplied in a red pack, was the first of its kind in the world and was developed in our laboratory
- It is also the only South African manufactured product used by N.A.S.A. and now on the moon
- It is a hand mouldable epoxy putty which sets very hard (like stone)
- It is ideal for making handles, knobs and electrical insulator repairs as well as sealing or repairing almost any rigid material
- Car radiators, car sumps, farm tank leaks, pump linings and many more
- One novel use has been to repair sunken ships prior to re-floating them

Code	Size
PRT0035	125g

PRATLEY® WHITE QUICKSET PUTTY

- This product sets fast
- It will also set under water

Code	Size
PRT0030	125g

PRATLEY® STEEL PUTTY

- This product supplied in a steel grey pack, incorporates the very latest adhesive technology and cures at a medium speed
- It is a hand mouldable putty which sets like steel and looks like steel
- It mixes easily and leaves almost no residue on the hands
- It is exceptionally workable yet when set it is incredibly strong and can be filed, sawn and machined just like steel
- It also sets under water
- Cures at medium speed
- Used to repair motorcycle engine cases, rebuild and machine broken castings, repair metal parts under water and to repair radiator header tank

Code	Size
PRT0041	125g

Bostik® PRESTIK

- The wonder product with 101 uses in the home, workshop, office or school
- Just press - and it sticks
- Use it for sticking up posters, calendars, charts, maps, Christmas cards
- For cleaning typewriter keys and fluff off clothing
- For holding light ornaments, vases and spare keys in place
- It can be used over and over again
- Solvent free. Non-toxic. Fully safe for children

Code	Weight	Colour
BST0038	100g	White

SUPER GLUE

- Extra strong Cyanoacrylate adhesive for bonding rubber, metal, glass, plastics, ceramics and wood

Code	Size
HON0940	3g
HON0943	20g

SUPER GLUE - ONE SHOT

- Extra strong Cyanoacrylate adhesive for bonding rubber, metal, glass, plastics, ceramics and wood
- Supplied in a convenient pack of 4 single use tubes

Code	Size
MTS0340	4 x 1g

Q-Bond® Q-BOND SUPER GLUE

- Ultra strong adhesive
- Sets immediately

Code	Size
QBN0400	5ml

Bostik® BLITS STICK/GEL

- Super quick, super strong, multi-purpose cyanoacrylate glue

Code	Size
BST0028	3g
BST0029	3g

SUPER GLUE/GEL

- Super Glue is a quick setting, clear cyanoacrylate adhesive which produces a very strong bond
- It is suitable for repairing china, models, jewellery, toys, bonding rubber, metal, plastics, ceramics in seconds
- Apply a drop of Super Glue to one of the surfaces only and press both surfaces together
- Not recommended for wood or glass

Code	Size	Colour
GEM0285	3g	Glue
GEM0287	3g	Gel

Q-Bond® Q-BOND GLUE KITS

- Quick bonding ultra strong adhesive
- For re-inforcing and filling
- Two types of filling powder - black, grey aluminium

Small kit contents:
 1 Black powder
 1 Grey powder
 1 10ml glue
 1 5ml glue

Large kit contents:
 2 Black powders
 1 Grey powder
 6 10ml glues

Code	Size
QBN0200	Small
QBN0250	Large

PRATLEY® SUPER GLUE

- A multi-purpose superglue of the very highest quality
- Modified to meet the stringent requirements of industry
- The product displays superior adhesive strength and will form a bond in a few seconds
- Full strength will be reached in a few minutes

Code	Size
PRT0023	20g
PRT0025	3g

PRATLEY® PRATLOK H-TEMP

- Pratley "Grade H" is a high strength thread locker
- High viscosity
- Orange colour
- U.V. Fluorescent
- Used to lock threaded components at elevated temperatures
- Disassembly is difficult without heating above 300°C
- Certain surfaces may require Pratlock Activator to speed up the cure

Code	Size
PRT0012	50g

PRATLEY® NUTLOK

- Superior quality nut retainer in a small bottle
- For thread sizes from 6 - 10mm and 10 - 20mm

Code	Size	Grade
PRT0027	10g	6-10
PRT0029	50g	6-10
PRT0033	10g	10-20

PRATLEY® NUTLOK GRADE BRG

- Locks, retains and seals bearings

Code	Size
PRT0034	10g

PRATLEY® STUDLOK

- Pratley "Stud lock Grade 20" thread locker
- High strength, high viscosity
- Red colour
- U.V. Fluorescent
- Use typically on threads bigger than M20
- Ideal for flanged assemblies
- Is gap filling
- Disassembly is difficult with out heat

Code	Size	Grade
PRT0170	50g	20+

PRATLEY® STUDLOK

- Pratley "Stud lock Grade 10-20" thread locker
- High strength, high viscosity
- Red colour
- U.V. Fluorescent
- Use typically on threads M10-M20
- Use for stud bolts and threaded pipe fittings

Code	Size	Grade
PRT0275	50g	10-20

PERMA products MOUNTING STRIPS/TABS

- For mounting mirrors and other wall accessories to almost any wall surface
- Not affected by humidity
- Easy to apply to painted surfaces, wood, metal, plastic, glass, brick and plaster

Code	Size	Qty
PER2018	80 x 24 x 3mm	3 Strips
PER2020	80 x 20 x 1,2mm	4 Tabs
PER2021	20 x 10 x 1,2mm	32 Tabs

PERMA products DOUBLE SIDED MOUNTING TAPE

- For mounting mirrors and other wall accessories to almost any wall surface
- Not affected by humidity
- Easy to apply to painted surfaces, wood, metal, plastic, glass, brick and plaster

Code	Size
PER2016	2m x 12 x 1,2mm
PER2019	1m x 20 x 3mm
PER2022	1m x 24 x 1,2mm

PERMA products BULK BUY DOUBLE SIDED FOAM TAPE

- For mounting mirrors, pictures, numbers, nameplates and signs on a variety of surfaces

Code	Size
PER23010	10m x 24 x 3mm
PER23025	25m x 24 x 3mm

PERMA products DOUBLE SIDED SUPER STICK TAPE

- Easy to apply to almost any surface
- Industrial applications include: Fixing body and roof panels in the bus and truck industry
Eliminates the use of rivets, screws and welding
The preferred mounting tape in the signage industry
- No more drilling

Code	Size
PER2023	1m x 18mm

NEW INDUSTRIAL STRENGTH!

MOUNTING AND HANGING TAPE

- A double sided adhesive tape
- Good shear strength (sliding downward strength)
- For light posters and pictures
- UV stabilised for outdoor use

Code	Size
EAP1220	1m x 18mm

DOUBLE SIDED TAPE

Abrasives Technology

- Double sided tape

Code	Size
KLN0630	30m x 24 x 3mm

AUTO TRIM REPAIR TAPE

- Used for mounting:
- Beading
- Badges
- Reflectors
- Rear view mirrors
- Alarm sensors
- UV stabilised for outdoor use

Code	Size
EAP1040	12mm x 3m X 0.8mm

ADHESIVE FASTENER - 327

- Ideal for fastening constantly used items in a strategic place
- Two part male and female fastener with adhesive backing

Code	Size
PER2327	2 pack

GLOSS DUCT TAPE

- Glossy finish
- Universal tape for:
 - Binding and repairing
 - Reinforcing and ducting
 - Waterproofing and insulation

Code	Size	Colour
EAP0105	48mm x 25m	Blue
EAP0110	48mm x 25m	Green
EAP0120	48mm x 25m	Olive Drab
EAP0130	48mm x 25m	Silver
EAP0140	48mm x 25m	Yellow
EAP0160	48mm x 25m	Red
EAP0165	48mm x 25m	White
EAP0003	48mm x 25m	Black

MATT DUCT TAPE

- Glossy finish
- Universal tape for:
 - Binding and repairing
 - Reinforcing and ducting
 - Waterproofing and insulation

Code	Size	Colour
EAP1100	48mm x 5m	Black
EAP1110	48mm x 5m	Blue
EAP1120	48mm x 5m	Green
EAP1130	48mm x 5m	Red
EAP1140	48mm x 5m	Silver
EAP1150	48mm x 5m	White
EAP1160	48mm x 5m	Yellow

ALUMINIUM SELLO TAPE

- Repairing of air conditioners, ducting and ventilation
- Decorative design
- Gives an aluminium look

Code	Size
EAP2900	48mm x 50m

Bostik DIT - SIT

- DIT-SIT is a self-adhesive butyl sealing tape which is excellent for creating a watertight seal on almost any surface
- DIT-SIT seals pipes and hose-pipes, roofs, swimming pools, galvanised, buckets, baths and watering cans, tents tarpaulins, gum boots, boats and caravans, radiator pipes, sheds and kennels
- It will keep water in or out of practically anything
- It is waterproof and permanently tacky

Code	Size
BST0031	50mm x 2m

Sellotape ALL WEATHER TAPE

- A high quality repair tape
- See through when applied
- U.V Stabilised for long lasting weather resistance
- Easy to use and resists ageing

Code	Size
EAP1000	48mm x 5m

Sellotape REFLECTIVE TAPE

- Weather resistant
- Excellent adhesion and long lasting
- Illuminates when exposed to light
- Can be used as a safety tape
- Bypass dangerous objects in dark places

Code	Size	Colour
EAP1250	48mm x 1m	Red
EAP1260	48mm x 1m	Yellow

NITTO INSULATION TAPE

- Used in harness and electrical application plus for general purpose household tasks and for the D.I.Y market
- A high quality tape for electrical application

Code	Size	Colour
EAP2000	18mm x 20m	Black
EAP2010	18mm x 20m	Blue
EAP2020	18mm x 20m	Green
EAP2050	18mm x 20m	Red
EAP2070	18mm x 20m	White
EAP2100	18mm x 20m	Yellow

Sellotape FLAME RETARDANT INSULATION TAPE

- PVC tape, protects, waterproofs and insulates
- Used for electrical insulation
- Fire retardant
- Insulation of wiring in motor vehicles

Code	Size	Colour
EAP1800	18mm x 20m	Black
EAP1810	18mm x 20m	Blue
EAP1820	18mm x 20m	Green
EAP1830	18mm x 20m	Red
EAP1840	18mm x 20m	White
EAP1850	18mm x 20m	Yellow

Sellotape SELF FUSING TAPE

- Used for making watertight seals, waterproofing and joining of cables

Code	Size
EAP1400	18mm x 3m

Sellotape MASKING TAPE

- For masking off surfaces during brush or spray painting of all household surfaces
- Easy to handle and tear
- Can be written on with pencil or pen
- Conforms to uneven surfaces

Code	Size
EAP0035	12mm x 40m
EAP0040	18mm x 40m
EAP0045	24mm x 40m
EAP0050	36mm x 40m
EAP0055	48mm x 40m

Sellotape HIGH TEMP. (80°) MASKING TAPE

- Used for automotive spray painting
- With stand temperatures up to 80° General purpose masking tape for indoor usage
- Adheres well

Code	Size
EAP0410	18mm x 40m
EAP0420	24mm x 40m
EAP0430	36mm x 40m
EAP0440	48mm x 40m

Sellotape PAINTER'S BLUE MASKING TAPE

- Used for painting on glass, vinyl, wood and walls
- 14 day UV stable

Code	Size
EAP0056	24mm x 40m

Sellotape DOUBLE SIDED RDA TAPE

- General purpose tape for mounting and framing
- Sticking of metal name tags

Code	Size
EAP2980	12mm x 33m
EAP2985	18mm x 33m
EAP2990	24mm x 33m

Sellotape DOUBLE SIDED CARPET TAPE

- Aggressive double sided tape
- Sticks carpets, carpet tiles and mats and tiles
- Holds most materials together

Code	Size
EAP3000	18mm x 30m
EAP3010	24mm x 30m

Sellotape CARPET TAPE - DOUBLE SIDED

- Use for laying down carpet or carpet tiles, mats and rugs
- Hold most products together
- Very aggressive double sided tape

Code	Size
EAP1080	48mm x 5m

Sellotape FLOOR MARKER TAPE

- Used for marking out floor areas

Code	Size
EAP3920	48mm x 33m

Sellotape BARRIER TAPE 75mm

- Red & white diagonal strips for sealing off areas
- Highlight the hazard or feature in question.
- Suitable for indoor or protected outdoor use

Code	Size
EAP0058	100m
EAP0060	500m

PERMA products GLASS SAFETY MARKER - 330

- Self sticking
- Adhesive is not affected by humidity
- Clearly marks sliding and fixed glass doors for safety

Code	Size
PER2330	1m

Sellotape PACKAGING TAPE

- Buff tape is used mainly in packaging
- Suitable for carton sealing and bundling

Code	Size	Colour
EAP0070	48mm x 50m	Brown
EAP0080	48mm x 50m	Clear

MT's QUALITY TOOLS TAPE DISPENSER

- Simple one hand operation
- Avoid tape wastage
- Sharp perforated blade cuts tape neatly
- Adjustable tensioner allows for accurate control
- Tough PVC construction

Code	Size
UNS1700	-

VINYL PVC TAPE

- Used for bag sealing and colour coding

Code	Size	Colour
EAP2920	12mm x 50m	Black
EAP2925	12mm x 50m	Blue
EAP2930	12mm x 50m	Green
EAP2935	12mm x 50m	Red
EAP2940	12mm x 50m	Yellow
EAP2945	12mm x 50m	White

FILAMENT TAPE

- Used for bundling and strapping

Code	Size
EAP2960	24mm x 40m
EAP2965	48mm x 40m

PIPE THREAD TAPE

- Used mainly by plumbers and fitters for sealing pipe threads

Code	Size
PTF0005	10mm

FIRE PROOF STOVE PUTTY

- A fire proof putty resistant to severe temperatures and cracking

Code	Size
ELC0700	800g

PUTTY - GENERAL PURPOSE

- All purpose putty for glazing and plumbing applications

Code	Size	Colour
UNS0375	500g	Natural

GASKET SEALANT

- Can be used with or without a gasket
- Use with sump and tappet cover gaskets, water pumps, exhaust connections, or any other mechanical joint
- It is not affected by petrol and oil, does not harden
- Withstands temperatures from -50° to 250°

Code	Size	Colour
CMT1600	280ml	Red

GASKET SEALANT

- Can be used with or without a gasket
- Use with sump and tappet cover gaskets, water pumps, exhaust connections, or any other mechanical joint
- It is not affected by petrol and oil, does not harden
- Withstands temperatures from -50° to 250°

Code	Size	Colour
MTS0510	90ml	Red
MTS0512	90ml	Grey
MTS0514	90ml	Black

Bostik GASKET MAKER

- Superior form-in-place BLACK gasket in a tube
- Replaces preformed gaskets
- Withstands temperatures from -60°C to 300°C
- Resists oil, petrol, transmission fluid, water and anti-freeze
- An ideal metal to metal adhesive which is neutral curing

Code	Size	Colour
BST0035	90ml	Black

TRITON-LEO GROUP OF COMPANIES GASKET JOINTING

- Can be used with or without a gasket
- This Rolls Royce approved product is a non-silicone gasket sealer
- Use it with sump and tappet cover gaskets, on water pumps, exhaust connections or any other mechanical joints
- It is not affected by petrol and oil, and does not harden
- Withstands temperatures from -50°C to 250°C

Code	Size	Colour
TRG0058	350g	Blue

TRITON-LEO GROUP OF COMPANIES GASKET JOINTING

- Can be used with or without a gasket
- This Rolls Royce approved product is a non-silicone gasket sealer
- Use it with sump and tappet cover gaskets, on water pumps, exhaust connections or any other mechanical joints
- It is not affected by petrol and oil, and does not harden
- Withstands temperatures from -50°C to 250°C

Code	Size	Colour
TRG0055	100g	Blue

SPANJAARD COPPER GASKET SEALER

- Available in aerosol only
- It is a non-hardening adhesive with a high copper content to promote heat transfer
- Use in place of adhesive-type products
- Allows gaskets to be re-used

Code	Size
SPN0245	400ml

SPANJAARD COPPER COMPOUND SPRAY

- A non-hardening adhesive gasket positioning and sealing spray containing colloidal copper
- Allows gaskets to be positioned before assembling with the copper acting as a filling agent, smoothing out the surface irregularities
- This allows the gasket to be tightened more evenly giving a leak proof seal
- The copper also acts as a heat conductor allowing heat to transfer from one surface to the other
- Allows gaskets to be re-used

Code	Size
SPN0200	400ml

SPANJAARD COPPER COMPOUND PASTE

- A non-hardening adhesive gasket positioning and sealing paste containing colloidal copper
- Allows gaskets to be positioned before assembling with the copper acting as a filling agent, smoothing out the surface irregularities
- The copper also acts as a heat conductor allowing heat to transfer from one surface to the other and allows gaskets to be re-used
- This allows the gasket to be tightened more evenly giving a leak proof seal

Code	Size
SPN0220	500g
SPN0222	5kg
SPN0240	100ml

SPANJAARD PENETRATING SPRAY

- A superior penetrating and releasing fluid with exceptional penetrating properties
- For all bolts and nuts, locks, hinges, etc
- Used in industrial and marine maintenance
- Available in flammable and non-flammable aerosols

Code	Size
SPN0500	200ml
SPN0520	350ml

SPANJAARD SPARK SPRAY

- A water displacing, rust preventative, lubricating and penetrating oil.
- It has fantastic penetrating properties, is non-conductive and has 1001 uses
- Solves condensation and moisture problems on all types of engines.
- Can be sprayed inside and outside the distributor, coil, leads, spark plugs, generator and starter motor
- Will displace all moisture
- Will release and free tight bolts, all nuts, rusty locks, door hinges and door handles, sticky carburetors, throttle linkages, knives, blinds, curtain rail and all winding mechanisms
- Cleans and removes grease and tar
- Cleans and protects guns, fishing tackle, bicycles, typewriters, adding machines, toys, domestic appliances, swimming pool and garden equipment
- SPN0615 IS NON-FLAMMABLE

Code	Size
SPN0590	150ml
SPN0610	300ml
SPN0615	500g

TRITON-LEO GROUP OF COMPANIES **Q10 PENETRATING FLUID**

- A quick acting, penetrating, rust solvent and release agent for rusted or seized nuts, bolts, pipe fittings
- Why waste time, just apply Q10 and let it work for you

Code	Size
TRG0015	150g
TRG0020	400g
TRG0030	500ml
TRG0035	5 litre

TRITON-LEO GROUP OF COMPANIES **Q5 GRAPHITE PENETRATING FLUID**

- A graphite based quick acting penetrating and release agent for rusted nuts, bolts, pipes, fittings, etc. The graphite also works wonders on lubricating and loosening locks

Code	Size
TRG0040	150g

SPANJAARD **PENETRATING & RELEASING FLUID**

- A superior penetrating and releasing fluid with exceptional penetrating properties
- For all bolts and nuts, locks, hinges, etc
- Used in industrial and marine maintenance
- Available in flammable and non-flammable aerosols

Code	Size
SPN0410	375ml

SPANJAARD **GRAPHITE SPRAY**

- A dispersion of very fine particles of graphite in an air drying resin
- Provides lubrication when oils and greases cannot be used

Code	Size
SPN0307	400ml

TRITON-LEO GROUP OF COMPANIES **Q IN ONE OIL**

- A high-tech general purpose lubricant for all household and special industrial applications

Code	Size
TRG0095	100ml

TRITON-LEO GROUP OF COMPANIES **Q8 SILICONE LUBRICANT**

- A unique spray which repels moisture and waterproofs all surfaces, lubricants, switch gear and prevents arcing
- A non-staining lubricant for clips, hinges, rubber bushes and plastic fittings
- Inhibits corrosion and prevents "flash-over" in polluted atmospheres

Code	Size
TRG0110	150g
TRG0120	400g

SPANJAARD **FISHING TACKLE PROTECTOR**

- A superior Fishing Tackle Protector for all types of fishing tackle
- Will not damage Monofilament, EVA grips, rods seals etc.
- Leaves long-lasting, water displacing protective film on fishing tackle
- For best results, a light spray before and after use is recommended

Code	Size
SPN0283	200ml

TRITON-LEO GROUP OF COMPANIES **Q20 MOISTURE REPELLENT**

- The leading moisture repellent for protecting and removing moisture from wet ignition systems on cars, trucks, motorbikes, marine engines and electric motors
- It overcomes and prevents stubborn starting and stalling in damp climates and heavy downpours
- Its unique penetrating power makes it ideal as a release agent and light duty lubricant for use in the home, garage and workshop

Code	Size
TRG0005	150g
TRG0010	300g
TRG0013	5 litre

SPANJAARD SILICONE SPRAY

- A very high quality silicone based lubricant spray for use on all rubber, plastic and wooden surfaces
- A very safe non-toxic, non-staining protective lubricant ideal for bumpers, tyres, exhaust bracket rubbers, vinyl tops and all other rubber components

Code	Size
SPN0550	200ml
SPN0570	400ml

SPANJAARD ANTI SCUFF SPRAY/PASTE

- An assembly lubricant containing molybdenum disulphide for application to moving parts such as bearings, gears, piston rings, valve stems, nuts, bolts, screws, valves and cocks
- Prevents scuffing or scoring as well as seizure of overloaded and overheated bearings
- Provides pre-lubrication and prevents rust and corrosion

Code	Size
SPN0045	350ml
SPN0046	700g

SPANJAARD NICKEL COMPOUND

- For use when the copper content of Copper Compound is undesirable
- Use Chrome Compound if neither copper nor nickel metals are desirable
- Meets MIL-A-907E

Code	Size
SPN0405	350ml
SPN0406	500g

SPANJAARD ADF - AIR DRYING FILM

- Leaves a completely dry, hard film which oven cures at 250°C in 60 minutes or at ambient temperatures in 24 hours
- For dry lubrication in dusty conditions
- Also used as a protective coating resistant to nearly all alkali and acids (including concentrated Nitric acid)
- ADF 709 version complies with MIL-L-8937D

Code	Size
SPN0330	400g

SPANJAARD 2X LONGLIFE GREASE

- A special new generation multi-purpose grease giving extra long life at low and high temperatures or high speeds, medium loads and wet conditions

Code	Size
SPN0301	100g

SPANJAARD MULTI PURPOSE GREASE

- A bentone-based anti-friction grease with no drop point
- Containing a high percentage of Mo2
- Not to be confused with standard run-of-the-mill multi-purpose greases
- Operating temperature range -20°C to 160°C, with intermittent temperatures of up to 200°C.
- Available in Standard and 1646 Versions

Code	Size
SPN0302	500g

SPANJAARD NON-MELTING GREASE

- A bentone-based anti-friction grease with no drop point
- Containing a high percentage of Mo2
- Not to be confused with standard run-of-the-mill multi-purpose greases
- Operating temperature range -20°C to 160°C, with intermittent temperatures of up to 200°C.
- Available in Standard and 1646 Versions

Code	Size
SPN0303	100g

SPANJAARD GREASE LIQUID SPRAY

- Contains MoS and other EP additives giving minimum fling-off and high water resistance
- Penetrates like oil and lubricates like grease
- Suitable for use on standard and "O"-type chains
- Use Chain & Linkage Spray when non-black product is required

Code	Size
SPN0304	400ml

SPANJAARD HTS SILICONE GREASE

- For anti-friction bearings
- Stopcock lubricant for "O" rings and lip seals
- Ideal as a rubber lubricant and on equipment operation under vacuum
- Highly resistant to chemicals and water
- Operating temperature range - 40°C to 200°C

Code	Size
SPN0306	500g

SPANJAARD SILICONE PASTE

- A non-staining silicone based white lubricant
- For use on all rubber components, O rings, brake parts, door and wood rubbers
- Also suitable for fridge door and freezer door rubber seals, electrically non-conductive

Code	Size
SPN0407	100g

SPANJAARD MULTI PURPOSE GREASE

- New generation multi-purpose grease
- Extra long life and low and high temperatures, or high speeds, medium loads and wet conditions

Code	Size
SPN0309	500g

SPANJAARD CHAIN & LINKAGE SPRAY

- A lubricant containing a soluble form of molybdenum which penetrates like oil, lubricates like grease and does not stain
- For use on all chains, linkages and cables. It is not subject to fling off and remains on working surfaces to give a long-lasting lubrication under the most demanding conditions
- Its dry nature prevents excessive dust build-up

Code	Size
SPN0164	200ml
SPN0165	400ml

SPANJAARD BICYCLE CHAIN & LINKAGE SPRAY

- A lubricant containing a soluble form of molybdenum which penetrates like oil, lubricates like grease and does not stain
- For use of all chains, linkages and cables
- It is not subject to fling off and remains on working surfaces to give a long-lasting lubrication under the most demanding conditions
- Its dry nature prevents excessive dust build-up

Code	Size
SPN0101	200ml

SPANJAARD OPEN GEAR & WIRE ROPE SPRAY

- Available in aerosol only
- Can be sprayed through safety guards onto moving gears and wire ropes
- An excellent maintenance product for lift ropes, guides and marine applications

Code	Size
SPN0285	350ml

SPANJAARD BELT DRESSING SPRAY

- A sophisticated dressing for use on every type of flat, vee and conveyor belts
- Will prevent slippage and extends useful belt life
- Not harmful to rubber, leather or canvas
- Eliminates that irritating belt squeal

Code	Size
SPN0100	400ml

SPANJAARD T CUTTING COMPOUND & FLUID

- Specialised products for tapping, reaming, drilling and thread cutting of all metals including stainless steel and aluminium

Code	Size
SPN0700	500g
SPN0750	350ml
SPN0770	375ml

Bostik SOUND DEADENING PAD

- Will reduce annoying drumming and also vibration noises on car's doors, panels, boot lids, bonnet lids, vans, boats, caravans, sink units, washing machines, spin driers, metal garage doors - wherever metal vibration is a problem
- Self-adhesive

Code	Size
BST0075	530 X 190mm

SPRAYON BAKKIE BACK - BRUSHABLE

- A flexible, rubberised polyurethane protective coating, specially formulated to protect the load areas of Bakkies and other hard wearing surfaces requiring non-slip resistance
- Easy to apply, tough, attractive, texture appearance - Irreversible cure will not soften when exposed to petrol, diesel, most other solvents, dilute acids and chemicals
- Withstands impact, abrasion, bending, surface cracking and vibration, expansion and contraction
- Can be overcoated and repaired
- Will not contaminate food and water when fully cured

Code	Size
SPO0605	1 litre

SPRAYON FIBREGLASS REPAIR KIT

- Poly Steel general purpose POLYESTER RESIN is used in conjunction with fibre glass chop strand mat for all home, motor body and boat repairs

Contents:
250ml resin
100g mat
100ml acetone catalyst

Code	Size
SPO0685	Kit

SPANJAARD MOULD PROTECT SPRAY

- Used to protect expensive steel moulds, dies and tools from corrosion during inside storage
- Leaves a thin dry film which need not be removed when moulds and dies are brought back in use
- Also acts as metal protector

Code	Size
SPN0385	400ml

SPANJAARD MOULD RELEASE NON-SILICONE

- Used in injection moulding where parts need to be printed after manufacture and where silicone mould release agents are therefore not suitable

Code	Size
SPN0388	320ml

SPRAYON SPOT PUTTY

- Finely pigmented stopper for superfine filling of metal scratches, pinholes and other minor surface imperfections
- Easy to flatten and sand

Code	Size
SPO0730	400g

SPRAYON BURNISHING COMPOUND

- It is a colour restorer for car bodywork which removes oxidation and road haze, suitable for all types of paint work leaving a smooth, high gloss finish on your vehicle
- It removes surface scratches and also dead paint, thus restoring original shine

Code	Size
SPN0625	250ml
SPN0630	500ml

SPRAYON RUBBING COMPOUND

- Made for preparation and final stages of automotive refinishing and for removing orange peel
- Also helps remove contamination and dust ingress on repainted surfaces

Code	Size
SPO0710	250ml

SPRAYON BODY FILLER & HARDENER

- Used for filling dents and small holes in metal, plastic, wood and concrete
- It is perfect for use on a vehicle undergoing panel-beating with outstanding adhesion and flexibility
- It has a smooth easy to use texture for shaping and sanding

Code	Size
SPO0610	500g
SPO0615	1.5kg

SPRAYON RUST CONVERTER

- Aerosol spray
- Eliminates spread of rust
- Protects rusted metal
- Stabilises rust layers

Code	Size
SPO0715	250ml

SPRAYON RUST OFF RUST REMOVER

- A remover with a powerful chemical action that cleans, de-greases and helps to dissolve and prevent further rusting while conditioning metal for painting
- Rust Off improves paint adhesion and prepares new metal for non-primer coating

Code	Size
SP00720	250ml

TRITON-LEO GROUP OF COMPANIES Q12 RUST OFF RUST REMOVER

- Removes the worst rust in minutes
- No more sanding, just apply and wait for it to work
- Use it in the garage, home, workshop or on the farm
- For any rusty tools, implements and fittings

Code	Size
TRG0100	200ml

SPANJAARD METAL PROTECTOR SPRAY

- A clear, anti-corrosive protective film which dries to a glossy finish
- Can be used on any exposed metal parts
- The powerful spray will reach all seams and crevices exposed to corrosion
- Gives a hard transparent, anti-corrosive coating to all surfaces

Code	Size
SPN0375	300ml

PRATLEY PRATLIGLO

- This is a self-levelling, pour-on coating for table tops, plaques, clocks and figurines
- It sets hard to a high-build ultra-gloss finish which is absolutely breathtaking
- This one coat, non-shrinking, impact-resistant product is also cigarette-burn and alcohol resistant
- One 200 ml pack of Prati-glo mixed and applied to a sealed surface will cover approximately 1773 cm² a square surface of roughly 42 cm x 42 cm or a circle of ± 475 mm in diameter

Code	Size
PRT0013	200ml

SPRAYON SPRAY PAINTS - GLOSS

- Available in 250ml cans, quick drying Sprayon Standard Lacquer Paints are formulated with a rust inhibitor and are lead free for absolute safety and peace of mind
- Sprayon paints are suitable for interior and exterior applications and are designed to maintain their rich, deep colour even under the most extreme UV conditions
- Sprayon uses the same paint batch to colour code each cap ensuring an exact match to the can's contents
